	CONFIDENTLAT	

The Hungarian Chemical Plants Construction Enterprise | Magyar Vegyimiveket Tervero Vallalat | , Budapest, 32 Lonyai Street, suffered a staggering loss in personnel after the Revolution: more than 100 employees left the Enterprise. As a result of this, the Hungarian Crude Oil and Enterprise. A direct consequence of the loss of personnel was that the Enterprise had to change its working methods radically. It is planned that the Institute and the Enterprise will handle foreign contracts together. The dependence of the Enterprise on the Institute grows daily. This necessitated the enlargement of the Institute's activities.

of new branch laboratories in Bumapest and Pet is nearing completion.
